Due to technical reason, the competent authority has decided to scrap the tender process. The EMD received against the tender from the bidders will released on receiving from bidder a letter asking for refund of bid with the NEFT / UTR no of earlier EMD submitted. The tenders on technical wizard since scrapped, both the technical and financial bid is not opened. The revised tenders on GEM have been already released, the above table indicates the GEM BID no. Inconvenience is regretted. The tenderers who have already paid the tender fee need not pay again on participation in GEM tender.
